From the Founder's Desk.....

Dear Friends,

We are delighted to release the prospectus for the **14th International Commerce Olympiad 2022-23**. The zeal of the students and teachers, their overwhelming participation in the previous Olympiads and the increasing growth graph are our source of motivation, to be consistent in our efforts.

We feel proud and delighted to mention that during the unprecedented lockdown, approximately, 80 webinars were conducted by CTF's in house resource team on different subjects and topics and these webinars reached out to more than 1000 students. When the schools were completely shut down and revising the syllabus for board exams was a massive challenge for students and schools, CTF came forward and took the required step boldly.

In the same spirit, we shifted to digital platform for the conduct of ICOs. Thanks to the collaboration of school management and principals and parents, we received a "ever before" kind of response from the students.

With the introduction of CUET (Common University Entrance Test) for class XII students seeking admission to different Universities and colleges, the format of ICO 2022-23 has been changed. To keep our students, future ready, English, Economics and Mathematics have been incorporated in the syllabus for the ICO.

The ICO is a unique event, conceived by commerce teachers for the commerce students and has earned a reputation of India's First and Number One International Commerce Olympiad, covering more than 2,35,000 students from more than 1000 schools across the country and overseas.

In this competitive world, Commerce Olympiad helps students to widen their horizons. It gives them conviction, confidence and clarity of concepts. It sharpens their skills and helps them to identify the areas they need to improve in. It also helps them to score better, not only in their board exams, but also trains them for appearing in other competitive exams like CUET etc.

At last we would like to extend our heartfelt thanks to all the Principals, Commerce teachers and the concerned School management whose support and encouragement play an important role in the growth of the Olympiad.

Looking forward to your constructive support as it is our strength and pride.

With warm regards

Dr. Dinesh Madan

CTF- 'A' Trailblazer

CTF- The Not Profit Organisation

Commerce Teachers' Foundation was registered as a non Commercial, Voluntary, Not for Profit Organisation in 2007, as a platform for enriching Commerce Teachers fraternity. Revenue generated by CTF is solely utilized for meeting the said objectives of the organization. It is the organization, working consistently for past 15 years in the interest of the Commerce teachers and Commerce students. It has approx 700 + Life members and 10,000+ associate members from the reputed schools of the country.

History – How CTF conceived ?

In the month of April, 2007, during Evaluation of CBSE Accountancy answer books at GHPS, Kalka ji New Delhi centre, the idea of forming a common platform for the commerce teachers was conceived by Dr. Dinesh Madan. The vision was that how to facilitate professional growth of the Commerce teaches. This idea was backed by Mr. S K Taneja, the then Head Examiner of the subject. The concept was highly appreciated by the teachers present there, and formed a platform with 21 initial members. Initially this platform was named as Commerce Teachers' Forum.

First Workshop :

On 8th June, 2007 CTA organized its first workshop on Accountancy at Dr. Radhakrishnan International School, Defence Colony. Where Mr. S.S.Sehrawat was the speaker. It was attended by 45 teachers from South Delhi schools. At that time CTA was Commerce Teachers' Forum. Teachers present at workshop were highly excited and showed lot of support to the forum.

First Felicitation Function 2008

Among our pioneering activities, the most important was our First Felicitation Function-2008 which was organized at LTG, Auditorium on 6th September,2008. Prof. P.C.Jain, the then Principal of Shri Ram College of Commerce honoured the students and their respective teachers. Besides him there were so many distinguished guests from ICAI, CBSE, DOE, Corporates present at the time of function.

It had been a unique initiative, as in the past no organization has conducted this kind of function where students and teachers were honoured together. This initiative was highly supported and appreciated by all spheres of society. As it had not only boosted the morale of Commerce teachers and students, at the same time it has enhanced their drive towards professional excellence.

First AGM

On 9th May,2009 we conducted our First AGM where our audited accounts were shown to the members so as to meet transparency in our functioning . We also planned activities for future. On the same day we invited Prof. A.K.Bhatnagar an eminent psychologist, who made us aware how to “Destress the stress”

First Commerce Olympiad

It was an experimental venture which was initially conducted on 27th November, 2009 at a very small scale covering schools from Delhi and NCR only. It was held at 126 schools with 6000 students. We were highly delighted to see the enthusiasm among the schools and students for this very First Commerce Olympiad. Our every initiative has added a milestone in CTF's success story.

CTF's Contribution During the Pandemic "Covid-19"

✦ Without exaggeration, March 2020 can be called as an unprecedented month and year, as the initial lockdown was imposed and life had come to a standstill. "Lockdown", a phrase hitherto unknown to all of us became an integral part of our lives and continued to be so, for the next eighteen months.

✦ In the initial phase, the Lockdown had caused a massive blow to education, as schools and colleges had closed with immediate effect. But the indomitable human spirit rose to the occasion and thanks to the collaboration of IT sector and the teaching fraternity, within no time, the teaching learning process was restored in online mode – the new normal. Undoubtedly, it was a joint effort of all the stakeholders in education sector but it was the teachers who accepted and adopted the enormous change, and battled it out to deliver their best. Appreciation and recognition seem too insignificant to repay their incredible efforts.

✦ Known for being a pioneer in its endeavors, CTF took lead and decided to enrich its students as well as the teachers. A series of Webinars was conceived various subjects/topics like Business Studies, Accountancy, Art Integrated Learning, Rationalized CBSE Curriculum, CBSE Sample Papers, Art of designing MCQs, Tools of Digital learning, Handling psychological issues during COVID etc.

✦ It will be very appropriate to acknowledge and appreciate the teaching fraternity across the country, that not only welcomed CTF's initiatives, but also contributed immensely with much enthusiasm, passion and utmost dedication by being a part of the team of resource persons.

✦ It is a matter of pride, that nearly 10,000 students and more than 1000 Commerce teachers were benefitted by this series of webinars. CTF expresses heartfelt gratitude to all those who worked tirelessly for the cause of learning of the students and enriching fellow Commerce teachers. Their selfless contribution to the society will remain etched in our memories forever. Above all we at CTF are also immensely grateful to the teachers participating in these webinars and also those who informed their students to join these webinars by conveying the required information.

✦ We express our special gratitude to the following mentors and teachers whose contribution cannot be ignored.

“International Commerce Olympiad” A Pioneering Initiative

Right from the beginning, the Commerce Teachers’ Foundation has been taking leading initiatives, ensuring constant progress of the Commerce subjects among students and the teaching fraternity. Among all the initiatives that the CTF undertakes, the **“International Commerce Olympiad”**, the ICO is the most prestigious one.

ICO was an experimental venture which was initially conducted on 27th November, 2009 at a very small scale covering schools from Delhi and NCR only. Back then, it was conducted at 126 schools with 6000 students. We were absolutely delighted to see the enthusiasm among the schools and students for this very First Commerce Olympiad.

It gave CTF the confidence to conduct the event on a much larger scale, moving on to other states of the country. And as the years progressed, **“The Commerce Olympiad”** has established itself as one of its kind academic event, with huge participation of more than 2 lacs Commerce Students from more than 1000 schools of 106 cities, across 22 states of the country and 6 other Middle Eastern countries.

Its exponential growth over the past 13 years justifies its significance and the value it adds to the students. This is another feather CTF’s cap, that in past two years, when the education sector was worst hit due to pandemic, this pioneering initiative **the International Commerce Olympiad** continued.

The ICO was held in online mode for the very first time in 2020 and then in 2021 and even we were pleasantly surprised to see the further increase in the number of participating schools and students. In 2021, 596 schools across the world participated.

The Core team of CTF extend its heartfelt gratitude and sincere thanks to the teachers, school management for their consistent and enthusiastic support for making our Olympiads a grand success, even in odd circumstances of pandemic.

As a mark of Appreciation and motivation, CTF confers **“Vanijya Shree”** and **“Award of Appreciation”** for the Highest participation in ICO to the deserving schools and the students with the Highest score.

For the years 2020 and 2021, when ICO was held digitally, the Top honours for International Commerce Olympiad were as under-

It helps to open up a whole new world of opportunities where you recognise your strengths, clear your concepts and overcome your weaknesses. It is one of the best ways to prepare for your boards." "

"CTF has been spearheading various initiatives to help and guide the Commerce fraternity, be it students or teachers, by conducting seminars, preparing high quality teaching materials and various other programs to disseminate and upgrade the levels of knowledge of teachers and students. The changes in CBSE question paper pattern with increased thrust on MCQ demands high order understanding of the subject and interpretation skills amongst students. The International Commerce Olympiad conducted by CTF is an apt platform for preparing the children to face this challenge.
